

Navigating the new Bizfile: Clear Objection against Striking Off

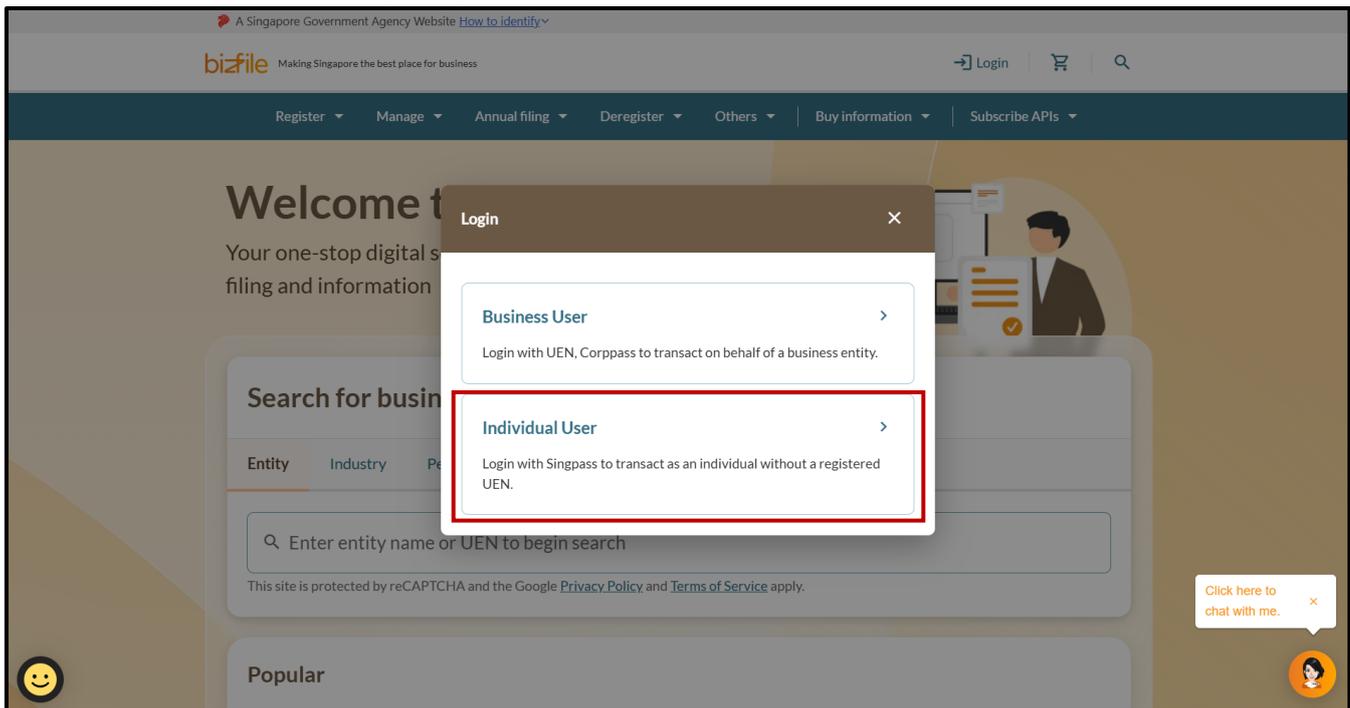

The “Clear objection against striking off” eService allows individuals, corporate entities and Corporate Service Providers (CSP) that have previously filed objection against striking off applications, to clear the objection after the outstanding matters are resolved.

You can only file to clear an objection to striking off after the initial objection filed has been approved.

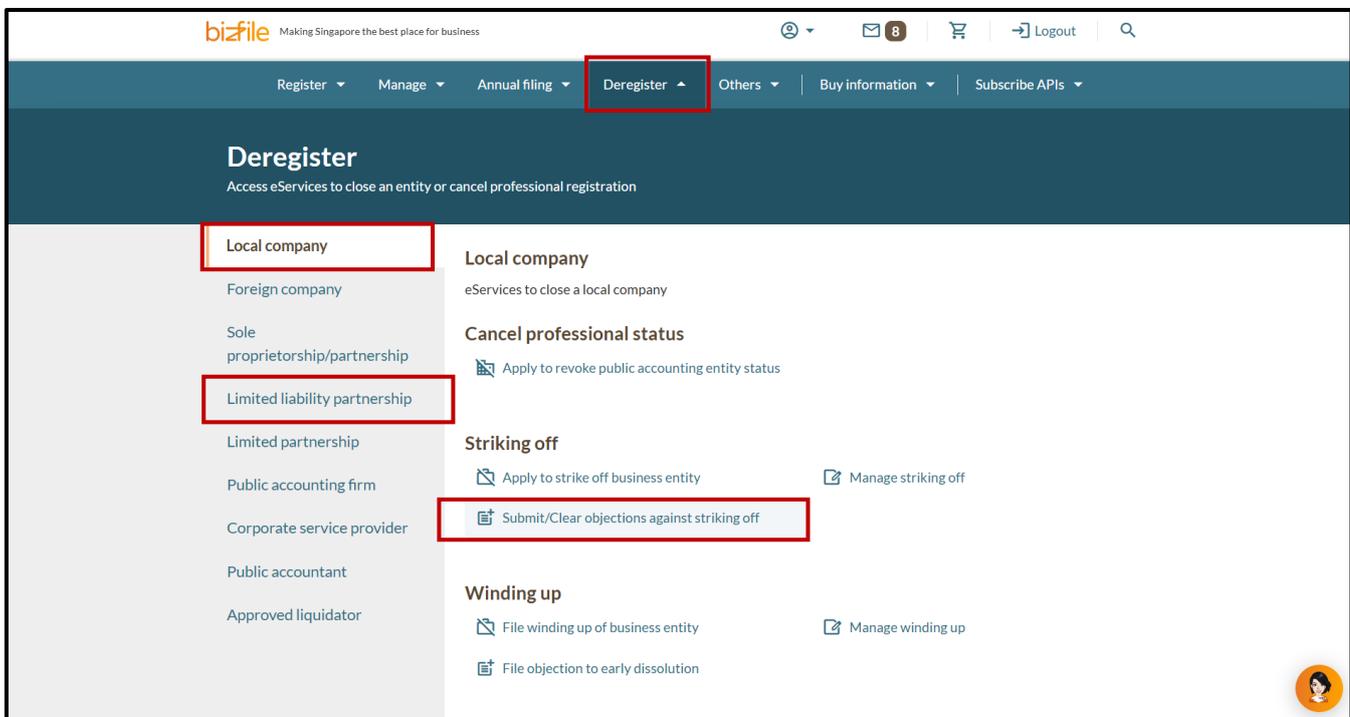

- For objections filed by individuals using Singpass, only the same individual who lodged the initial objection can clear it.
- For objections filed by corporate entities or CSPs, any authorised Corppass user within the entity can lodge the clearance.

Step-by-step instructions to clear objection against striking off as an individual (self or representative)

Step 1: Log in to Bizfile using Singpass (Individual user) credentials.

Step 2: From the mega menu, select “Deregister”. Select either “Local company” or “Limited liability partnership” tab, then select “Submit/Clear objection against striking off”.

Note: All entity and personal information (including UEN, company details, NRIC/FIN numbers, names and addresses) shown are dummy data for illustration purposes only.

Step 3: On the “**Submit/Clear objection against striking off**” introduction page, proceed by clicking the “**Start**” button.

2 Ensure that you have the following information ready:

- UEN of the entity in the process of being struck off
- Type of lodger
 - Individual (objecting for self)
 - Individual (objecting for another person)
 - Business/Company/Limited Liability Partnership/Limited Partnership
 - CSP (objecting for self)
 - CSP (objecting for a client)
 - Government Agency
- Reason for objection:
 - If you are not a government agency filing the objection, you must provide supporting documents to substantiate any unresolved matters with the entity.

Useful reminders

- Upon approval of the objection, the entity undergoing striking off will have 60 days to address the objection with the objector.
- If the entity is unable to resolve the matter within this period, the striking off application will lapse. The entity can only submit a new application after the objection has been resolved.
