### The acquisition method

---

...

#### **Recognising and measuring the identifiable assets acquired, the liabilities assumed and any non-controlling interest in the acquiree**

##### **Recognition principle**

- 10 **As of the acquisition date, the acquirer shall recognise, separately from goodwill, the identifiable assets acquired, the liabilities assumed and any non-controlling interest in the acquiree. Recognition of identifiable assets acquired and liabilities assumed is subject to the conditions specified in paragraphs 11 and 12.**

##### *Recognition conditions*

- 11 To qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the *Conceptual Framework for Financial Reporting*<sup>‡</sup> at the acquisition date. For example, costs the acquirer expects but is not obliged to incur in the future to effect its plan to exit an activity of an acquiree or to terminate the employment of or relocate an acquiree's employees are not liabilities at the acquisition date. Therefore, the acquirer does not recognise those costs as part of applying the acquisition method. Instead, the acquirer recognises those costs in its post-combination financial statements in accordance with other SFRS(I)s.

<sup>‡</sup> ~~For this Standard, acquirers are required to apply the definitions of an asset and a liability and supporting guidance in the *Conceptual Framework for Financial Reporting* issued together with the first volume of SFRS(I)s, rather than the *Conceptual Framework for Financial Reporting* issued in 2019.~~

...

- 14 Paragraphs B31–B40 provide guidance on recognising intangible assets. Paragraphs ~~2221A–28B~~ specify the types of identifiable assets and liabilities that include items for which this SFRS(I) provides limited exceptions to the recognition principle and conditions.

...

##### **Exceptions to the recognition or measurement principles**

- 21 This SFRS(I) provides limited exceptions to its recognition and measurement principles. Paragraphs ~~2221A–31A~~ specify both the particular items for which exceptions are provided and the nature of those exceptions. The acquirer shall account for those items by applying the requirements in paragraphs ~~2221A–31A~~, which will result in some items being:

AMENDMENTS TO SFRS(I) 3:  
REFERENCE TO THE CONCEPTUAL FRAMEWORK

- (a) recognised either by applying recognition conditions in addition to those in paragraphs 11 and 12 or by applying the requirements of other SFRS(I)s, with results that differ from applying the recognition principle and conditions.
- (b) measured at an amount other than their acquisition-date fair values.

~~Exception~~ Exceptions to the recognition principle

**Liabilities and contingent liabilities within the scope of SFRS(I) 1-37 or SFRS(I) INT 21**

- 21A Paragraph 21B applies to liabilities and contingent liabilities that would be within the scope of SFRS(I) 1-37 Provisions, Contingent Liabilities and Contingent Assets or SFRS(I) INT 21 Levies if they were incurred separately rather than assumed in a business combination.
- 21B The Conceptual Framework for Financial Reporting defines a liability as 'a present obligation of the entity to transfer an economic resource as a result of past events'. For a provision or contingent liability that would be within the scope of SFRS(I) 1-37, the acquirer shall apply paragraphs 15–22 of SFRS(I) 1-37 to determine whether at the acquisition date a present obligation exists as a result of past events. For a levy that would be within the scope of SFRS(I) INT 21, the acquirer shall apply SFRS(I) INT 21 to determine whether the obligating event that gives rise to a liability to pay the levy has occurred by the acquisition date.
- 21C A present obligation identified in accordance with paragraph 21B might meet the definition of a contingent liability set out in paragraph 22(b). If so, paragraph 23 applies to that contingent liability.

**Contingent liabilities and contingent assets**

- 22 ~~SFRS(I) 1-37 Provisions, Contingent Liabilities and Contingent Assets~~ defines a contingent liability as:
  - (a) a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity; or
  - (b) a present obligation that arises from past events but is not recognised because:
    - (i) it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
    - (ii) the amount of the obligation cannot be measured with sufficient reliability.
- 23 ~~The requirements in SFRS(I) 1-37 do not apply in determining which contingent liabilities to recognise as of the acquisition date. Instead, the~~ The acquirer shall recognise as of the acquisition date a contingent liability assumed in a business combination if it is a present obligation that arises from past events and its fair value can be measured reliably. Therefore, contrary to paragraphs 14(b), 23, 27, 29 and 30 of SFRS(I) 1-37, the acquirer recognises a contingent liability assumed in a business combination at the acquisition date even if it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation. Paragraph 56 of this SFRS(I) provides guidance on the subsequent accounting for contingent liabilities.
- 23A SFRS(I) 1-37 defines a contingent asset as 'a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity'. The acquirer shall not recognise a contingent asset at the acquisition date.
