Getting Updated on Corporate Governance Developments

Over 450 directors of listed companies attended the 4th ACRA-SGX-SID Audit Committee Seminar held on 16 Jan 2018. They received firsthand updates on the proposed revisions to the Singapore Code of Corporate Governance. Using real life case studies, ACRA and SGX also shared with the directors on how companies can improve the quality of their financial reporting, and fulfil company obligations on corporate actions.

Coming soon - User-friendly interface for Bizfile⁺

Come 9 Feb 2018, the BizFile⁺ portal will sport a brand new user interface. Taking in feedback from our stakeholders, the new customer-centric interface is designed to enable BizFile⁺ users to more easily access common e-services and relevant information. Visit the ACRA website for more info. Download the user guide to learn more about the key features and functions.

Access ACRA's Data @ Data.gov.sg

In support of Singapore's Smart Nation initiatives, public can now access useful business datasets from ACRA at Data.gov.sg. Over 1.5 million records of both live and non-live entities can be accessed for research or application development purposes. The datasets are provided in standardised machine-readable formats for data users to easily analyse, mash-up and visualise datasets.

Register Now! Director Financial Reporting Fundamentals Course (23 Feb 2018)

Directors of listed and non-listed companies can now pick up essential accounting knowledge and practical tips at the Director Financial Reporting Fundamentals course. Organised by the Singapore Institute of Directors, the one-day course is customised for directors with limited or no financial or accounting background, and includes guidance on working with auditors to address complex accounting matters. Eligible directors are entitled to a subsidy of \$300 per individual, funded by ACRA.
